WORK PLAN
The touchscreen device allows the operator to **scroll through the tasks list**, which is constantly updated in real time. Particularly urgent **work orders** can be highlighted.

PIN NUMBER
To **identify the operator** who is performing a task at any time.

MANAGEMENT
With a simple click, the operator can **accept the job activity**, displaying all the details and specifying, if necessary, the fluid to be used and the **preset quantity**. When finished, each work activity is closed and recorded.
